

Local Purchasing

It shall be the policy of the Johnson Creek School District to purchase goods, materials, and supplies locally, provided that these are of equal quality and at competitive prices compared to those which might be purchased outside of the school district.

Administrators of the district should not feel bound to purchase any item locally, if that item can be purchased from outside sources at a savings to the Johnson Creek School District. Nor should an administrator feel bound to purchase locally, unless adequate service and delivery can be given by the local supplier.
